

SHERBET

INGREDIENTS	%
Butterfat	1.0
Nonfat Dry Milk	0.5
Nutritek[®] 250 , reduced minerals whey	2.5
Cane or Beet Sugar	21.8
Corn Syrup Solids	6.4
Stabilizer	0.5
Emulsifier	0.1
Water	67.2

PROCEDURE

1. Blend all ingredients to disperse and dissolve.
2. Pasteurize the mix.
3. Homogenize, and then cool the mix.
4. Package.
5. Freeze in commercial ice cream freezer.

BENEFITS

Nutritek 250 provides economical dairy solids, exceptionally good flavor due to the mineral balance and body and texture equivalent to a higher skim solids formula.
