

ICE CREAM

INGREDIENTS	%
Butterfat	10.0
Nonfat Dry Milk	10.3
Nutritek® 250 , reduced minerals whey	2.5
Cane or Beet Sugar	14.1
Corn Syrup Solids	2.0
Stabilizer	0.33
Emulsifier	0.15
Flavor	To suit market
Water	60.62

PROCEDURE

1. Combine all ingredients into liquid product.
2. Pasteurize and homogenize.
3. Freeze, fill and harden.

BENEFITS

Nutritek 250 provides economical dairy solids, without the salty flavor typically encountered with the full mineral level of whey solids.
