

MILK-BASED INFANT FORMULA

INGREDIENTS	%
Nonfat Dry Milk	34.0
Lactose 305 , refined edible lactose	38.3
Fat Blend	27.0
Lecithin	0.5
Vitamin and Mineral Mix	0.2

PROCEDURE

1. Wet blend all ingredients.
2. Spray dry.
3. To rehydrate product, blend 10% of the formula mix with 90% water.

BENEFITS

Lactose 305 is added to achieve the same milk sugar concentration found in human milk. **Lactose 305** provides a gradual and prolonged energy supply at a constant blood-glucose level between feedings.
