

WHEY PROTEIN CONCENTRATE-BASED INFANT FORMULA

INGREDIENTS	%
Daritek™ DMX , demineralized whey protein concentrate	18.5
Nonfat Dry Milk	16.0
Lactose 303 , edible lactose	37.0
Fat Blend	27.0
Lecithin	0.5
Vitamin and Minerals	1.0

PROCEDURE

1. Wet blend all ingredients.
 2. Spray dry.
 3. To rehydrate product, blend 10% of formula mix with 90% water.
- Adjust vitamin, mineral and fat contents to meet minimum and maximum required nutritional standards as defined by local regulations.

BENEFITS

Daritek DMX is a low ash, whey protein concentrate, which permits standardization of the whey protein to casein ratio to that of human milk. **Lactose 303** is added to achieve the same milk sugar concentration found in human milk.
