Foremost Farms USA Achieves Safety Milestones at Greenville, Mich. Plant

Middleton, Wisc. (Oct. 2025) - Foremost Farms USA, a leading dairy cooperative, continues its unwavering dedication to the highest standards of health and safety in food manufacturing. This month, the cooperative proudly announced two significant safety milestones at its Greenville, Mich. processing plant: three consecutive years without a recordable incident and **five years** without a lost time incident.

“This milestone is the result of our team’s commitment to doing the right thing every single day,” said Jake Kizer, Plant Manager at Foremost Farms’ Greenville, Mich. Plant. “It’s something we’re very proud of, because it shows how much our employees care about each other and the work we do.”

“These accomplishments at Greenville reflect the culture of safety we are building across Foremost Farms,” added Jim DeSonia, Director of Environmental Health & Safety. “Safety is at the heart of everything we do, and we are committed to providing our employees with the tools, training and environment they need to succeed.”

Foremost Farms strives to create and maintain a safe, innovative and trusting environment by engaging its employees in educational training processes across all its facilities. This milestone is just one of many safety awards and acknowledgments the cooperative has earned across its seven locations.
