Foremost Farms Greenville Plant Celebrates Four Years Without a Recordable Injury

Middleton, Wisc. (September 30, 2026) – Foremost Farms USA, a leading dairy cooperative, recently celebrated a major safety achievement at its Greenville, Mich. processing facility, which reached four consecutive years without a recordable injury. The achievement marks 1,299 days without a recordable incident and 1,937 days without a lost time injury. Building on that success, the facility was also recognized as Foremost Farms' 2025 Safety Plant of the Year, reflecting its ongoing commitment to workplace safety.

Foremost Farms leaders joined Greenville employees onsite to celebrate the milestone, ensuring all shifts had the opportunity to participate. Employees were recognized with a barbecue meal and celebration honoring their commitment to creating a workplace and looking out for one another every day.

"This is a tremendous accomplishment, and Greenville has truly set the bar high," said Brenda Dehart, Foremost Farms President and CEO. "Everyone involved should be incredibly proud. Safety is a core, non-negotiable value in our manufacturing operations, and this milestone reflects our shared commitment to ensuring every employee arrives safely and returns home safely each day. Thank you for your dedication and for reinforcing what is possible when safety remains our top priority."

Greenville's achievements come during a period of continued growth and investment. Foremost Farms is expanding the facility's capabilities through investments in advanced membrane technology, supporting the production of value-added dairy ingredients and helping meet growing demand in high-protein dairy categories.

As Greenville continues to grow and evolve, its recognition as the 2025 Safety Plant of the Year demonstrates that operational excellence, innovation and employee safety go hand in hand. The facility's commitment to continuous improvement and strong safety culture serve as a model across Foremost Farms' network.

Foremost Farms remains committed to providing a safe, innovative and supportive workplace by investing in employee training, safety programs and continuous improvement initiatives across all facilities.
